## Financial Policies and Tuition Payment Options

Changes to this policy are underlined and go into effect summer quarter, 2005.

Registering for classes at Antioch University Seattle obligates the student for payment of applicable tuition and fees, and other charges on the student's account, and implies that the student has read and accepts the University's financial, enrollment and academic policies. A student's failure to attend classes does not constitute withdrawal from the university or exemption from tuition payment.

Registration Statements confirming classes registered and billing information are mailed to all registered students. Students who believe they are registered but do not receive a statement by the payment deadline should contact the Student Accounts Office to arrange tuition payment. Failure to receive a mailed registration statement will not excuse late payments.

## Payment Options

Payment of all tuition not covered by financial aid, a tuition payment plan, or an employer or agency payment authorization is due on the business day before the official quarter start date. The payment deadline is shown below. All payments are made at the Student Accounts Office at Antioch University Seattle, 2326 Sixth Ave., Seattle, WA 98121.

**1. Financial aid** recipients must ensure that all financial aid documentation is completed so that financial aid funds arrive by the payment deadline. Students whose financial aid funds do not arrive by the deadline (except aid that normally arrives later, like Pell Grants, Washington State Need and Educational Opportunity Grants) must pay tuition using another method to avoid the late payment fee. Students can contact the Financial Aid Office to check the status of their financial aid.

Financial aid students are responsible, by the payment deadline, for paying all tuition not covered by financial aid. Students can estimate the amount to pay by comparing total aid for the quarter from their financial aid award letter to the total charges shown on the registration statement. Students receiving Stafford Loans in 2005-6 should remember to deduct up to 3% of these loans for the lender origination fee, and work-study funding should be excluded from the calculation. Students may contact the Student Accounts Office for assistance with payment estimates. It is recommended that students pre-arrange payment of any estimated remaining account balance by the payment deadline to avoid a late payment fee. Payments may be made in full or with a tuition payment plan. Free of charge, students can arrange an automatic charge to a credit or debit card of the final student account balance owed.

**2. Self-paying students** may pay tuition in full or with a tuition payment plan. Payment may be made by check, money order, or credit or debit card (Visa, Master-Card, Discover). Students may request automatic billing to a credit card each quarter at no additional charge. Credit and debit card payment attempts declined for any reason are considered non-payments and are subject to a late payment fee if not resolved by the end of the payment grace period.

The Tuition Payment Plan allows payment of tuition in three monthly installments. It is available to matriculated students with eligible tuition charges (fees like EMF and prior learning credits, etc. are not eligible). The plan also can be used to pay balances remaining after financial aid is applied. The cost is \$35 per quarter and may be pre-arranged for up to four quarters. One-third of the account balance plus the plan fee is due by the payment deadline. A payment plan authorization will be completed for the student to sign, and payment coupons will be sent to the student unless automatic payments are arranged with a credit or debit card.

**3. Employer/agency vouchers:** Third-party tuition payment authorizations (Boeing, VA, State DVR, etc.) must be submitted to the Student Accounts Office by the payment deadline. Students unable to provide a payment authorization by the deadline must pay tuition using another method to avoid a late payment fee.

**Late Payment Fee:** A \$50 late payment fee will be applied to each student account that remains unpaid or lacks an approved payment arrangement at the end of the payment grace period, or immediately when a scheduled tuition payment plan payment is late. The fee will be applied on the second Tuesday of the quarter, (see date below), then monthly until the account is brought to-date or an approved payment arrangement is made in writing with the Student Accounts Office.

**Account Statements** are sent monthly to each student whose account remains unpaid or lacks a tuition payment plan, an employer or agency payment authorization, and when financial aid does not arrive due to incomplete documentation. Statements are sent during the second week of the quarter and will include a late payment fee.

**Fiscal Holds** are placed on student accounts with balances 30 days past due and immediately when a scheduled payment plan payment is late. The hold will prevent future registrations and deny graduation applications and transcript requests. The hold will be released once the account is brought to-date. Students are subject to administrative withdrawal from the university if the fiscal hold cannot be removed by the end of the late registration period.

**Collections:** Accounts with balances 120 days past due are subject to collection actions. All costs, fees and expenses incurred by Antioch in attempting to collect the debt will be added to the account balance. Costs may include, but are not limited to, collection agency fees, reasonable attorney fees, court costs and other out-of-pocket expenses.

**Returned Check Fee:** Checks returned unpaid to Antioch for any reason are charged to the student's account along with a \$30 returned check fee. A late payment fee may also be charged if the returned check was used to pay tuition and is returned after the payment deadline.

For more information or to make payment or payment arrangements, stop by or contact Student Accounts at (206) 268-4009 or studentaccounts@antiochseattleu.edu.

## Tuition Refund Policy

Students may request a reduction in their credit load and consideration for a tuition refund by submitting a completed add/drop form to the Registrar's Office. Forms are available on the web and at the Enrollment Services Office.

The **Tuition Refund Schedule** (below) determines the percentage of tuition that will be credited to the student's account when the properly completed add/drop form is submitted to the Registrar's Office by the dates shown. After the 100% refund period, all fees are nonrefundable and are not included in refund calculations.

If the drop in credits causes a credit balance on the student's account, a refund check will be issued to the student or original payer of the tuition. Refunds will be returned to the student or original payer in the original method paid. For example, a refund for tuition paid by credit card will be credited to that credit card; a refund for tuition paid by a third party (such as an employer or parent) will be returned to the third party.

Tuition refunds for financial aid recipients are determined by the Financial Aid Office. A drop in credits may change the student's enrollment status and alter the student's financial aid award. Financial aid recipients considering terminating their enrollment should read the **Financial Aid Withdrawal Refund Policy** or inquire about changes to enrollment status with the Financial Aid Office.

Students should allow up to 14 days for the processing of any refund.

### Tuition Refund Schedule

Summer Quarter Dates	Tuition Refunded
July 5-13	100 percent
July 14-20	80 percent
July 21-27	70 percent
July 28-Aug 3	60 percent
Aug 4-10	50 percent
Aug 11-13	40 percent
After Aug 13	No refund

For classes of more than three credits that do not begin during the first week of the quarter, the 100 percent deadline is extended to the business day following the first session of class. This refund extension does not apply to one- and two-credit courses.

For courses that begin more than one week prior to the official start of the quarter, refunds will be calculated on the following schedule:

Calendar Days from First Class to Date Dropped	Tuition Refunded
1-9	100 percent
10-16	80 percent
17-23	70 percent
24-30	60 percent
31-37	50 percent
38-40	40 percent
41+	No refund

**Financial aid students terminating enrollment** before financial aid is released are liable for paying any prorated tuition. If financial aid was already released, the student should read the Financial Aid Withdrawal Refund Policy.

## Financial Aid Information

### Financial Aid Information

To ensure timely receipt of financial aid funds (including loans); please respond promptly to any requests from the Financial Aid office. The requests may include certification statements, verification worksheets, tax returns or any other documentation needed to finalize the award.

### Financial Aid Refunds

Financial aid is first applied to tuition and fees and all other charges on the student's account. Financial aid in excess of these costs is distributed to students as financial aid refund

checks. By federal regulation, the Student Accounts Office has 14 days to process refunds; however, refunds are generally available for pickup in the Student Accounts Office on the first official Friday each quarter. Checks not picked up are mailed at 4 p.m. Refund checks are available each Friday throughout the quarter as later aid arrives. Students with two disbursements of their Stafford Loans will be notified by the Financial Aid Office and may not have a refund until the middle of the quarter. Please budget accordingly.

### Late Financial Aid Approval

Late applicants or those who have not completed all paperwork with the Financial Aid Office must plan to pay their tuition by the payment deadline. Failure to make payment arrangements may result in the assessment of late payment fees.

### Financial Aid Withdrawal Refund Policy

Students who receive financial aid and change their enrollment status to leave of absence (LOA) or withdrawal during a term for which financial aid payments have been received will have their tuition adjusted according to Section 484B of the Higher Education Act. This law specifies that an adjustment to tuition resulting from terminated enrollment be based on the effective date of the canceled registration and in accordance with the federally mandated calculation. This law also specifies the order of return of Title IV funds to the programs from which they were awarded.

The calculation is based on the period of enrollment completed. That percentage is computed by dividing the total number of calendar days in the term into the number of calendar days completed, as of the date of student notification. The percentage of Title IV assistance to which the student is entitled (earned aid) is equal to this percentage of the term completed, up to 60 percent. If the termination occurs after 60 percent, the percentage is equal to 100 percent.

The amount of Title IV aid that must be returned is based on the percentage of unearned aid. That percentage is computed by subtracting earned aid from 100 percent.

The student is required to return the difference between the amount of unearned aid and the amount returned by Antioch University Seattle. The student will be billed for the amount the student owes the Title IV programs and any amount due the university resulting from the return of Title IV funds used to cover university charges. If the student (or parent in the case of a PLUS loan) is required to return a portion or all of his or her loan proceeds, the calculated amount is to be repaid according to the loan's terms. Students must return only half the amount of grant funds calculated.

Funds are returned to the following Title IV sources in order of priority:

1. Unsubsidized FFEL Loans
2. Subsidized FFEL Loans
3. Federal Perkins Loans
4. FFEL PLUS Loans
5. Federal Pell Grants
6. State Need Grants
7. Federal SEOG
8. Other Title IV assistance for which the return of funds is required
9. Other federal, state, private or institutional financial assistance
10. Student

Outside aid will be reduced by the unearned percentage, but not to create a debit balance on the student's account. Institutional aid will be reduced by the unearned percentage times the aid program's percentage of aid as compared to total aid, but not to create a debit balance. If less aid is disbursed than was earned, the student may receive a late disbursement for the difference.

# Important Policies and Procedures

## Registration

### Visiting Student Registration

Non-matriculated or visiting students are those who wish to enroll in courses for academic credit but who are not pursuing a degree at Antioch University Seattle (AUS). Visiting student registration for one or more courses is permitted on a space-available basis only and course prerequisites, if any, must have been met before registration is permitted.

Visiting students are ineligible for financial aid and credits earned as a visiting student are not automatically applicable to a degree, if subsequently admitted to a degree program. A visiting student's registration requires program approval; that approval is conveyed to the Registrar's Office via a registration card signed by the appropriate program personnel. (Some programs, such as psychology, have additional approval forms and documents required.) Payment for the class(es) is due at the Student Accounts Office prior to submitting a registration card.

Visiting student registration requests are not processed until after degree-seeking students have registered; the registration forms, however, may be submitted at any time during the non-priority registration periods specified on page 3.

### Other-Program Registration

Matriculated students in one degree program may take a course for credit in another program. Since all programs provide priority to students in their own programs, other-program course enrollment is permitted, if space is available, only at the end of the non-priority registration period. In some cases, prerequisites must be met and/or specific instructor approval is required. Be aware that some courses are not open to the enrollment of other program students. If a student has registered earlier, he or she may request the other-program course using an add/drop form.

### Late Registration

Students who do not complete the registration process during their designated registration periods may subsequently be registered only during the late registration period in the first week of the quarter. A late registration fee will be charged. Tuition and the late registration fee need to be paid, or evidence of approved financial aid must be presented to student accounts, before submitting the registration card to the Registrar's Office. Registration cards not cleared by the Student Accounts Office will not be processed.

### Open Cross-Program Enrollment

Courses eligible for Cross-Program Enrollment are designated throughout this course schedule with the symbol above. They are open to any student in any degree program for all of the registration periods. Courses not marked with this symbol are not available for other program enrollment until the end of the non-priority registration period.

### Audit Registration

Registration to audit a class is available only during the first week of classes on a space available basis, with program approval. (Some programs, such as psychology, have specific approval forms and documents required.) There is no late fee when registering to audit a class; *all audits must have program approval.*

During the first week of classes, anyone who wishes to audit a course should check with the Registrar's Office to see if space is available. If so, the student must acquire program permission and submit the necessary paperwork to the Registrar's Office.

**Current Students** can audit up to two classes with no additional fee if registered at least half-time.

**Visiting Students** must pay the audit fee at the Student Accounts Office.

**Antioch Graduates or Degree Committee Members** are not subject to an audit fee.

### Leave of Absence (LOA)

To be on leave, a student must submit an approved leave-of-absence registration card to the Registrar's Office **by the end of the first week of the quarter of absence.** Both the student and the adviser must sign the form. This form must be filed for each quarter the student intends to be on leave up to a maximum of four consecutive quarters.

If an LOA registration card is not submitted and the student is absent without notification, the student will be withdrawn and will not be able to resume enrollment without being approved for readmission. Upon withdrawal, any courses that have not been completed will be marked permanently incomplete.

Note: Taking a leave of absence may cause financial aid loans to go into repayment. Contact the Financial Aid Office for further information.

Students are limited to four consecutive LOA quarters. Unless the student registers for credit or enrollment maintenance fee (EMF) for the next consecutive term, he or she will be withdrawn and any courses that have not been completed will be marked permanently incomplete.

### Enrollment Maintenance Fee (EMF)

To register as Enrollment Maintenance (EMF), a student must submit an approved EMF registration card to the Registrar's Office by the end of the first week of the quarter. This status signifies not-for-credit enrollment. The EMF fee (\$500) authorizes advising time, degree committee meetings, prior learning, advising, work on In Progress (IP) courses and any other faculty consultation. EMF status also counts toward enrollment terms required to graduate. Financial aid is not available to EMF students, although half-time loan deferments are reported. Reminder: the EMF is a non-refundable fee; it is due at the time of registration and is payable at the Student Accounts Office.

### Registration Cancellation/Withdrawal from Antioch.

By registering for classes, students are legally obligated to pay all tuition and fees applied to their student accounts. Failure to attend classes does not constitute withdrawal from the university or exemption from payment. To cancel registration or withdraw from the university, the student must submit a completed add/drop form to the Registrar's Office. The tuition refund schedule listed in the tuition section governs whether a student will owe a balance or is entitled to a refund of tuition paid.

## Enrollment

### Academic Progress

Satisfactory academic progress is determined by the number of credits completed relative to registered credits, as well as timely progression through the degree process. Students must have completed or have in progress a minimum of 67% of their total attempted credits. Courses dropped after the ninth calendar day of any term are included in the percentage completion calculation. In addition, undergraduate students are limited to a cumulative total of 12 unfinished credits of study at AUS. Graduate students are limited to a cumulative total of 8 unfinished credits. Unfinished credits are those recorded as IP or IPX.

### Adding or Dropping Learning Activities

You must file an add/drop form in the Registrar's Office for ALL registration changes. Your faculty adviser must sign add/drop forms before submission to the Registrar's Office.

An add/drop form needs to be filed to:

- Drop a course from the current quarter;
- Add a course to the current quarter (including moving from a waiting list into a class.)
- Drop an in-progress (IP) course from a previous quarter
- Change the number of credits from those on the original course registration card.

If the change will cause you to owe money to Antioch, you must pay the additional estimated amount due to the Student Accounts Office before submitting the add/drop form to the Registrar's Office.

If adding or dropping a course or credits changes your enrollment status (total credit load), you must complete the "change of status" section of the form. Eligibility for any scheduled tuition refund is dependent upon completing this form. (Check the Tuition Refund Schedule section of this publication.) Note that changing your enrollment status may require adjustment of your financial aid. Please contact the Financial Aid Office with any questions.

The number of credits cannot be reduced by the instructor or student as a means of reflecting incomplete or inadequate quality of coursework. Credits already earned cannot be changed. Credits are not negotiable at the end of the quarter nor at the end of the degree program.

Once registered for credit, you may add new learning activities to your current program of study only during the first two weeks of the quarter.

No new learning activities may be added after the end of the second week of a quarter nor can audits be changed to credits after the second week. No new learning activities may be added to any previous quarter.

No change from EMF or LOA to credit status is allowed after the end of the late registration

week. No change from credit status to EMF or LOA is allowed after the 9th calendar day of a term.

No course may be dropped without record after the ninth calendar day of a term. Courses dropped after the 9th calendar day are recorded as late drop (LD); courses dropped after the end of the 6th week of a term are recorded as permanently incomplete (IN). Unfinished or abandoned courses after the sixth week of a quarter will be assigned permanent incompletes (IN).

### Changes in Credits for Learning Activities

*You may increase or decrease the number of credits for variable-credit courses only within the first six weeks of the quarter.* Credits for fixed-credit courses may not be altered.

### Class Wait-List and Attendance Policy

If you have a registered place in a class, you must either attend the first class or notify the instructor of your expected absence to reserve your place. Otherwise, a "wait-list" student may take the space. Only registered students and wait-list students are authorized to attend the first class. During registration, the registrar will accept up to three wait-list students for each class. If you are on a wait list and wish to be officially enrolled in the class, you must attend the first class, inquire with the registrar if space is available, and, if so, complete an add/drop form. The registrar, rather than the instructor, manages reserved spaces in classes.

Students are expected to attend all scheduled classes. Credits may be denied for failure to attend classes.

### In-Progress Policy

If coursework is not completed by the end of the quarter for which it was registered the student may negotiate with the evaluator for additional time for completion, up to two additional quarters. Such a contract is granted solely at the discretion of the evaluator/instructor. If approved, the instructor will assign an In Progress (IP), with a deadline date specified, through the AIM assessment system. If the work is not finished by the deadline the instructor has set, the instructor can approve another deadline up to the maximum time permitted. If the work is not complete by the final deadline set by the instructor and an assessment has not been submitted, a permanent incomplete will be assigned, not subject to change. To earn credit for a course marked permanently incomplete, the student must reenroll in and repay for the course. Note that enrollment maintenance quarters count as in-progress quarters. At the time of publication of the Summer 2005 Schedule of Courses, leave of absence quarters do not count as in-progress quarters. IP contracts are not available to non-matriculated students. Upon withdrawal from AUS, outstanding IP's are converted to IN (permanent incomplete).

## Enrollment Status

Student enrollment status refers to the number of credits for which a student is enrolled for any given quarter. A student may be:

Status	Graduate	Undergraduate
Full-Time	8–12	12–15
Half-Time	4–7	6–11
Part-Time	1–3	1–5

This status is the basis for determining eligibility for financial aid (according to federal guidelines) and loan deferment.

A student enrolled for graduate psychology internship and case consultation is considered to be full-time for academic purposes.

### Residency Requirement for the B.A. in Liberal Studies Program

Candidates must fulfill two residency requirements:

1. A minimum of 36 credits must be earned at Antioch Seattle; no more than 12 credits per quarter may be applied toward the residency requirement.
2. Candidates must be enrolled for a minimum of four calendar quarters.

There are a number of ways this residency requirement can be met, such as:

- three 12-credit quarters, one EMF
- two 12-credit quarters, two six-credit quarters
- four nine-credit quarters

Residency credits are those Antioch credits earned in degree program classes. Prior learning credits do not apply to residency requirements, nor do Antioch continuing education credits.

### Upper- or Lower-Division Credits for the B.A. Program

The maximum number of lower-division credits (e.g., 100- and 200-level classes) allowed for transfer to Antioch Seattle from other colleges or universities is 120. Thus, at least 60 of the 180 credits required for graduation must be upper-division, either transferred or earned at Antioch.

The bookstore also oversees the operation of the payment activation unit on the student copiers. Problems and malfunctions concerning these units should be reported to the bookstore manager for prompt remedies.

Parking at AUS is very limited and, except for visitor parking, is available by permit only. Reserved permit holders are assigned specific spaces. All other permits offer space-available parking only. Please refer to the labels on parking spaces and/or the color-coded parking lot diagram for locations of the various types of parking spaces. Vehicles not parked in a correct space for the type of permit they display will be ticketed and may be towed.

AUS does not provide parking for special events or workshops.

There is metered parking along the streets, as well as in pay lots in the surrounding areas. On-street parking is free after 6 p.m. Parking regulations are enforced rigorously.

## Disabled Parking

There are four disabled parking spaces located near the elevator entrance on the roof. These spaces are available to only those AUS community members displaying both a valid AUS parking permit and a valid Washington State Disabled Placard and to visitors (See Visitor Parking) with a valid Washington State Disabled Placard. The time frames and limitations associated with each permit apply when using these spaces. Rooftop parking, with the

exception of the reserved spaces, is on a space available basis only. Unauthorized vehicles parked in these spaces will be ticketed and towed without warning.

## Student Quarterly Weekend/Evening Parking

Permits for student quarterly weekend/evening parking are available for purchase to AUS students. They are valid for spaces marked "AUS Quarterly Permit Only" and may be used after 6 p.m. Monday through Friday and all day on weekends. AUS cannot provide rooftop parking to students before 6 p.m. weekdays.

## Visitor Parking

Four spaces have been designated for visitor parking. Visitors are persons on university business who are guests, including prospective students, degree committee members, guest speakers, interpreters, translators, job applicants and members of the Board of Trustees and Board of Visitors. Visitors must sign into the visitor log located at the Front Office with legible and complete information. Students, paid consultants, employees and adjunct faculty are not visitors and may not use visitor parking. Visitor parking is limited to two hours.
